Citizens Private Wealth*

With Jana Milbocker, Author, *Gardens of the Gilded Age*

The Gilded Age is famous for its ornate mansions and grand gardens built by the Roosevelts, Vanderbilts, and du Ponts. Created by the most esteemed designers of the day and filled with water features, statuary and rare plants, these lavish landscapes gave birth to the Golden Age of American Gardens. Transport yourself back to the Gilded Age with an armchair tour of the gardens of the Newport Mansions, Vanderbilt Estate, Vizcaya, Untermyer Gardens, Nemours, Pleasant Days, and others!

Join us for the annual Christmas Bird Count (CBC), the world's longest-running citizen science survey, organized by the National Audubon Society. Greenwood is proud to participate for the sixth consecutive year as part of the Watchung Ridge Count. Led by Greenwood Trustee and passionate birder, Carl Woodward, we will explore the grounds in search of the bird species that winter here.
